Clash of the Titans!

by Kylie Howe

The basketball game was very competitive because the teachers and students played their hearts out. The students put up a great fight but lost by 1 point in quadruple overtime. We had a long game because the students wouldn't give up and wanted to win the game so they kept playing to the end. It was a great example of competition and sportsmanship. We are all looking forward to next year's game!

Santa Shake..Shake...Shake by Dasha Bidding

Christmas smoothies were a big success. The marketing class sold them throughout the month of December. The Smoothies were a candy cane flavor and cost customers \$2.50.

Smoothies have become a tradition here at West Side CTC and are a sign that the holidays are in full swing. Students/customers ordered their Smoothies Monday through Thursday and the Marketing students delivered them on Friday. In February we will be offering our Valentine's Day chocolate covered smoothies.

Represent Your Team!

On Wednesday November 25, 2015, if you wanted to wear a jersey you had to pay a \$1.00. If you wear a basketball jersey for the Jersey day you had to wear a t-shirt under it. Jerseys was hit because we had a lot of the student representing their favorite teams. There were a lot of different jerseys for different teams. Nobody had the same jersey on and they all had their favorite team's jersey. We didn't see anyone that had the same jersey as someone else's jersey. Everyone was bragging saying how good their teams were good. We had more people do jersey day then we thought were going to have. So we made more money than we thought we would have made.

Scary Stuff during Halloween!!!!

West Side CTC had a Halloween day on October 29, 2015. Students were dressed up in so many different costumes. Students were able to enter a costume contest. All of the students who entered the costume contest walked around the gym to show off their costume. Students also did a group costume to show off what they were. There were groups for the costume contest like the cutest, the scariest, and the most unique. We had a great turnout this year with the Halloween event. Half the school participated in the Halloween costume contest. Some of our teachers also participated in the Halloween day and dressed up in costumes. In the scary category of the Halloween costume contest there was a grim reaper who was acting like he was cursing everybody like it was their time to go. In the cutest category it was upper class who were cats as there
